A A A A A

A great choice for extreme rigging applications. This durable cord has a lower stretch core and tighter sheath than our other accessory cords and is especially good for mountain guides, lightweight expeditions, and in prerigged haul systems. Also available in Black.

Key Features

- 100% nylon
- Tuff cord is used in the JR Haul System
- Higher abrasion resistance than regular accessory cords
- The only cord of its kind on the market

Additional Information

Shipping weight | 10.86 lbs

Color | Black, Orange/blue

Length | 100 m (328 ft)

Weight | 38 g/m

MBS | 11 kN (2473 lbf)

Elongation at 300 lbf $\mid 5.1\%$

Elongation at 600 lbf | 7.8%

Elongation at 1000 lbf $\mid 10.0\%$

Elongation at 10% MBS | 4.4%

Compliant | CI 1801, STATIC
