DKX1

VORTEX™ GEL-Core Hybrid Knee Pads

- Heavy-duty, hard-shell composite cap which is truly NON-SLIP and plants you firmly on any surface.
- The GEL cores and the unique caps then work together to produce the best possible knee zone protection from blunt force trauma.
- Perforated breathable neoprene coated with silicon at the tops of the pads hug the leg above the knee.
- 1000 denier nylon Cordura® braces and protects the rest of the knee area.
- Both straps feature silicone coated strips to prevent pads from slipping in motion, and reinforced rivets.
- The ergonomic design of the DKX1 as a unit conforms to the knees like no other and produces superb mobility. The pads have been extensively designed specifically for law enforcement and military to produce the highest level of durability and extended knee pad life.
- Available in Black (DKX1-B) and OD Green (DKX1-OD)

The most comfortable hybrid knee pad ever built specifically for Law Enforcement or Military use... just so happens to offer some serious impact protection. They have a unique hybrid construction that combines high and low density materials to deliver maximum "cush", while the contoured ergonomic shape offers superior knee pad support. Part of the DKX1's secret is its GEL and GEL foam center cores which contain two types of shock-absorbing gels, bonded together to create unsurpassed comfort. The GEL also absorbs body weight and disperses it within the pad.

DAMASCUSGEAR™

Damascus® has been making premium quality hand gear for the men and women of the US Armed Services and other facets of law enforcement worldwide, since 1955. Very early on in our history, we started out as “Damascus Leather Shop”. The store and business were founded in Damascus, Oregon USA. Through our history and experience, the Damascus name has become synonymous within the industry and around the world, as “the best”.

With almost 60 years of experience in gear design and manufacture for law enforcement and military, there is no company in the marketplace in our product category with a greater collective knowledge and experience in the latest materials, design techniques, and development. We sell our product line to most of the largest distributors, catalog companies, etc in the industry worldwide. We also make private label gear for other well-known companies within our industry.

We provide the highest level of personal protection including full body riot control gear, gloves, protective knee and elbow pads and more. Attention to design, function and the smallest of details, along with the use of only the finest quality leathers and materials have delivered consistent and trusted protection to our customers. Our line continues to swiftly evolve as new technologies become available and are subsequently incorporated into our products.

The current Damascus Gear® product line features over 100+ different styles. Primary markets covered by Damascus®: police, corrections, military and tactical. Damascus is based in Rutland, Vermont USA.
