Experience the Highest Level of Performance

Message from the Founder & President

With an unwavering commitment to provide durable, functional, and comfortable tactical products at an exceptional value, First Tactical is dedicated to meeting the unique requirements of law enforcement, fire service and public safety professionals. To deliver solutions that are effective and easy to use, we listen closely to our distributor partners and end customers.

Using our proprietary V2 Fabric, we offer a one-stop uniform solution guaranteed to meet the demands of today. V2 is made from a micro-ripstop that is double-dyed and DWR stain repellent finish, providing better abrasion resistance and superior color fastness up to 50 washes - twice the industry standard. And V2 isn't just made for men! We understand that female professionals face the same challenges on the job as men, which is why we decided to offer women their own fit line that caters to their shape and empowers them to perform in any environment.

Continuing our quest for quality innovation, we are thrilled to introduce the A2 Pant, Specialist Plate Rack, Bike Patrol Polo, Cotton Station Shirt and Cobra Belt in 2023. Furthermore, our V2 Pro Duty Uniforms Shirts and Performance Polos in both long and short sleeves are now available in more colors covering the public safety color palette.

We appreciate your continued support of our brand and thank you for your dedication to our communities and our safety.

Stay Safe,

Dan Costa,
Founder

WE LISTEN.

The demands of your job are unique and unlike any other profession. Everything we do is a direct result of the feedback we receive from you.

WE DEPLOYED

...A DURABLE, COMFORTABLE WASH & WEAR UNIFORM.

We utilized our proprietary V2 fabric across all uniform components to create the **V2 Pro Solution**.

PAGES 6-15, 30-31, 40

...BETTER UNIFORMS IN MORE SIZES DESIGNED FOR WOMEN.

We developed a clothing line for women and expanded our size range. Purpose-built for the job, it **fits your body shape** and blends utility with femininity.

PAGES 4-20, 24-36, 42, 45, 47

...A LOW-PROFILE PANT WITH UNMATCHED TACTICAL PERFORMANCE.

We designed a pant with a smoother look and nearly double the stretch from our **NEW proprietary A2 Fabric** to withstand the rigors of daily use.

PAGES 4-5

...EASY TO USE GEAR THAT ALLOWS FOR SINGLE HANDED OPERATION.

We created a **Specialist Plate Rack** with our patent pending Indexing Closure System™ to facilitate easy one-handed operation, allowing you to keep your focus where it's needed.

PAGES 66-67

A2 FABRIC

The abrasion-resistant 67/33 poly/cotton micro-canvas blend is **STRONGER** than nearly all other fabrics used in tactical apparel today. The 6.5 oz. weight 90-degree canvas weave provides a **SMOOTHER** look to the garment, and the fibers allow **MORE** mechanical stretch – perfect for those carrying an IWB holster.

The fabric is double-dyed, keeping the pants true to their color for more than 50 washes, and we've added a DWR stain repellent finish to withstand spills and protect you from the environment.

A2 PANT **NEW!**

Through our continued commitment to seek innovative technology and provide quality products to the men and women working in law enforcement and public safety, the A2 Pant was born. Designed for public safety professionals that want a more polished look in the office and on the range.

- 1 360 Degree panel stretch waist for comfort
- 2 6 Mesh pockets for breathability
- 3 2 Discrete zippered cargo pockets with a rain cover to shield belongings from the elements
- 4 Oversized utility pockets for large cell phone storage
- 5 7 Fused belt loops with 4 bar tacks to prevent kit from pulling
- 6 Knee to knee running gusset to allow for superior movement and flexibility
- 7 Clip garage to secure your knife clip

NEXT LEVEL OF COMFORT

The A2 Pant has discrete hidden zippered cargo pockets and 2 oversized utility pockets that can hold a large cell phone with a protective case. Our redesigned knee-to-knee running gusset reduces tension on the fabric, allowing you more flexibility and body movement when needed.

BIKE PATROL

POLO **NEW!**

Our short sleeve Bike Patrol Polo is designed to keep you comfortable and ensure you're seen while on patrol. It's made from a polyester snag-resistant jersey knit with moisture-wicking and antimicrobial coating with 3M reflective striping. This polo is lightweight and breathable, with running side gussets for maximum movement and mesh panels under the arm for superior ventilation. A longer body assures your shirt stays tucked in and the integrated collar stays keep the collar from curling, giving you a neat, clean, and professional look while on duty.

- ① Snag-resistant polyester jersey knit
- ② Moisture-wicking, antimicrobial
- ③ 3M® reflective striping for visibility
- ④ Running side gusset for maximum movement
- ⑤ Underarm mesh panel for superior ventilation
- ⑥ Long body to ensure shirt stays tucked in
- ⑦ Collar stays to prevent the collar from curling

APPAREL AND BELT SIZE CHART

DETERMINING YOUR SIZE:

Using a measuring tape, measure your body (not over clothing) & refer to body charts to determine the best size. If you fall between sizes, we recommend ordering the larger size.

Women: Utilize your chest measurement to determine the proper size for tops or outerwear; utilize your waist & hip measurements for bottoms

HOW TO MEASURE:

Chest: Measure under arms and around the fullest part of your chest with measuring tape parallel to the floor

Waist: Measure around the natural part of your waist (the smallest part of your waist)

Hip: Stand with your feet together & measure around the fullest part of your hip with the measuring tape parallel to the floor

Arm Length: Slightly bend elbow & measure from center back neck, over top of shoulder & down to wrist

Inseam: Measure inside of leg from crotch to ankle or desired length

First Tactical Velcro Pouches are tough, durable, and perfect for storing smaller gear. Clear faces allow users to easily see the contents, and colored zip ties add customization.

MICRO MESH FACE

All first tactical velcro pouches feature a clear face with micro mesh, allowing users to see through it. The face also allows items with barcodes to be scanned without having to remove the item. Light-colored interior makes finding gear or equipment easy, even in low-light situations. Single hand opening quick-pull zippers allow for users to open the pouch with one hand in emergency situations.

TACTICAL FINALLY FITS

DIANE GALLAGHER

Known as one of the pioneers of tactical apparel, Diane developed the first tactical pant over 20 years ago. She has continued to bring innovation to the public safety industry throughout her career. Some of her most significant contributions are now a core part of the women's fit line that she created for First Tactical. Suited to shape the curves of a woman's body, Diane has learned that these styles need to provide the same durability and functionality while showcasing a refined, feminine silhouette with the same quality, comfort for which First Tactical is known.

Our full line of women's apparel (sizes 0 – 28) and gear is specifically designed with public safety needs in mind, and we are proud to offer the following:

- + Shirts
- + Outerwear
- + Pants
- + Gloves
- + Polos
- + Belts
- + Shorts

WOMEN'S COTTON STATION WEAR

Lightweight and breathable, our versatile 100% Cotton Polo and Cargo Station Pant looks polished in the station and out in the field. With narrower shoulders, a roomier chest, and slimmer sleeves, First Tactical's women's shirts are designed for a woman's torso to keep you moving freely and comfortably and our women's pants provide subtle femininity while maintaining the essential purpose-built utility required on the job.
