# OUR HISTORY

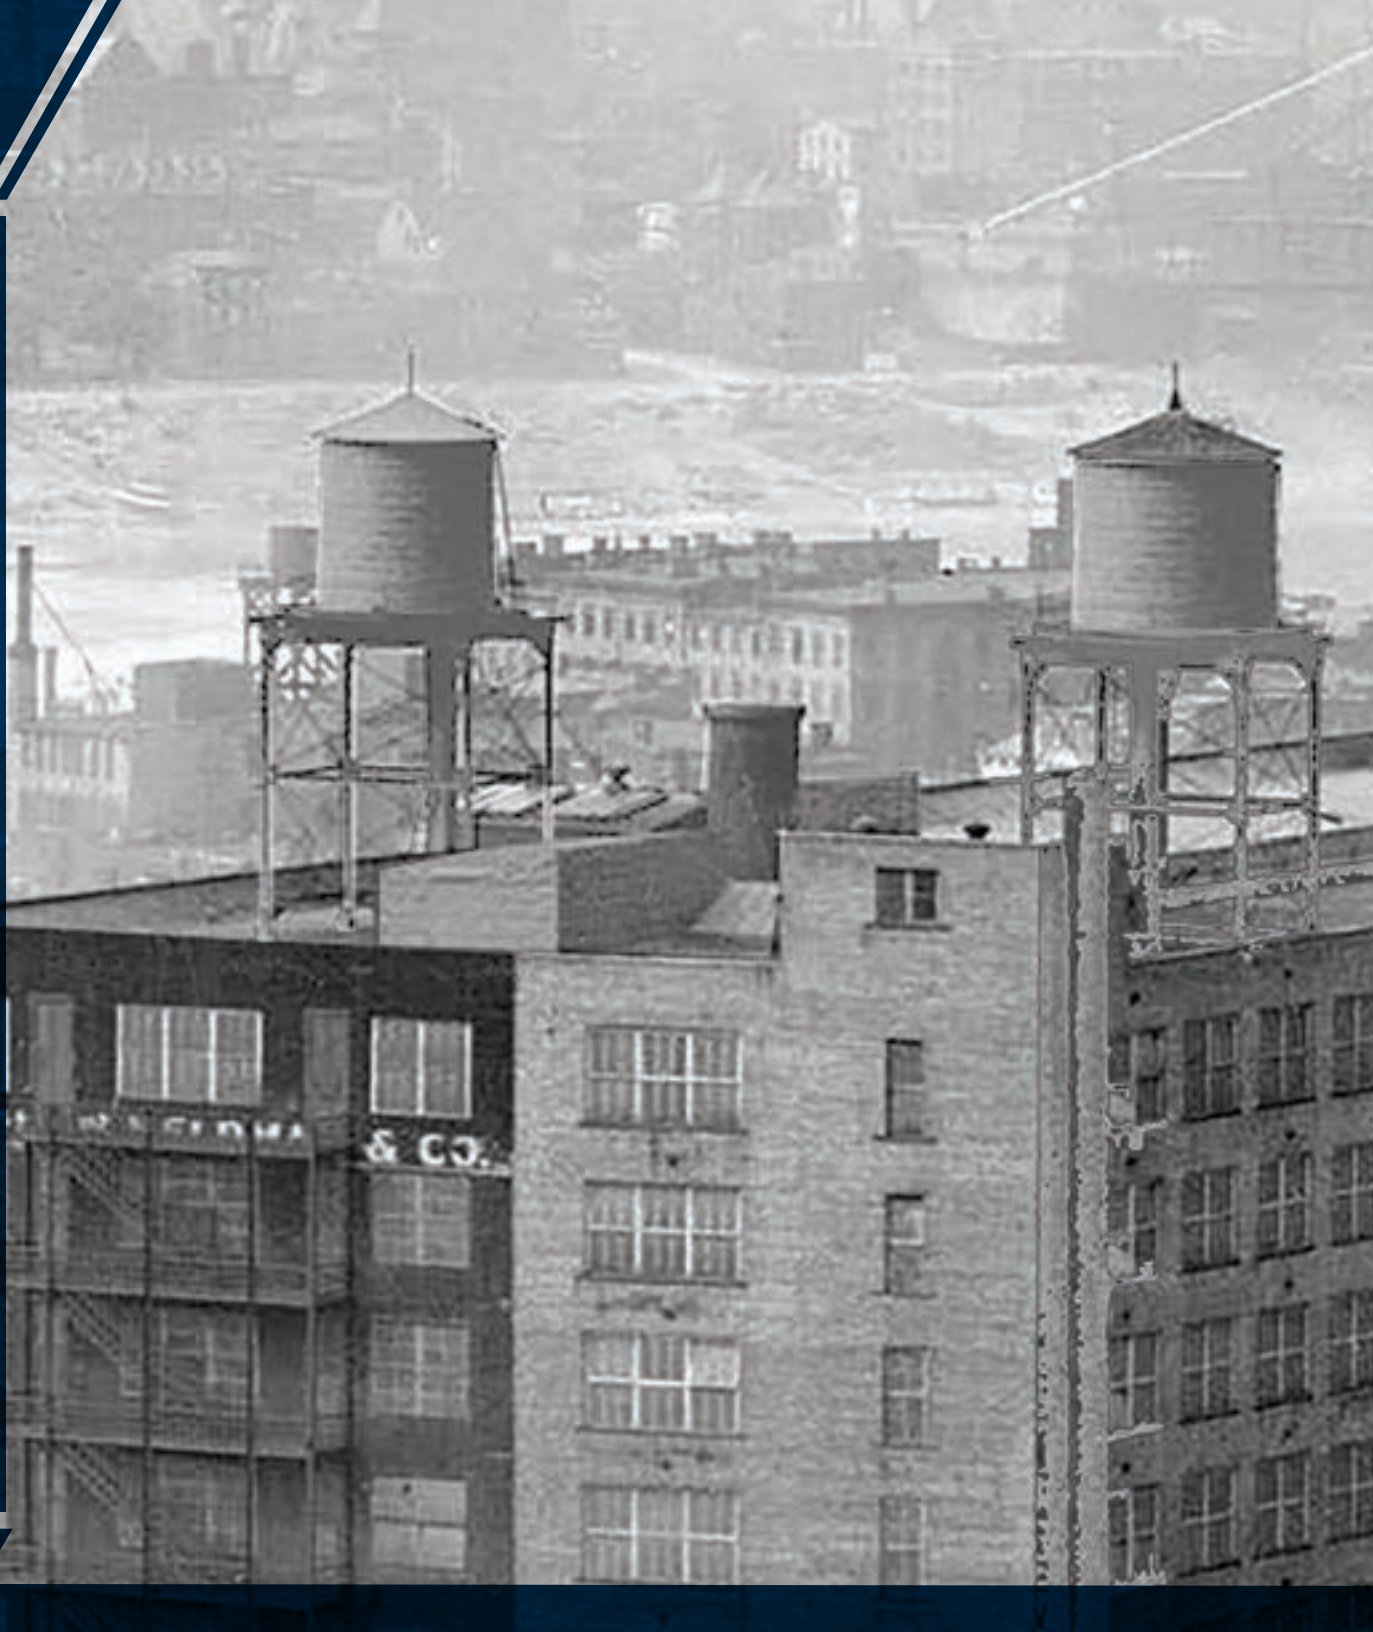

## INSPIRED BY TRADITION, TRANSFORMED BY EXCELLENCE

Flying Cross, a brand of Fechheimer Brothers Company, began the journey of manufacturing the world's most trusted uniforms for public safety in 1842. Solomon "Samuel" Fechheimer, a German immigrant, opened a small dry goods store in Cincinnati, OH. Samuel combined adventure and passion, seeking out opportunities to grow his business and give back through his trade. With the beginning of the Civil War, Samuel honed his father's legacy and craftsmanship of making clothing, to secure the United States government contract to supply uniforms for soldiers in the North and South. This feat marked the beginning of Flying Cross' commitment to innovation by standardizing men's uniform sizes for the first time ever in American history.

Since that time, Flying Cross has been shaping the way uniforms are made and used within the military, law enforcement, fire and other markets beyond public safety. Taking on the name of one of America's most honored medals, the Distinguished Flying Cross, Flying Cross has translated this history of heroism and extraordinary accomplishment to the many customers it serves today. For years Flying Cross has connected generation after generation of customers who have helped to redefine key uniform attributes such as detailed quality craftsmanship, superior fit and harmony in function and comfort. Now, as the leading uniform manufacturer in public safety, Flying Cross continues its commitment of excellence with new product designs, advances in fabric technologies, customized solutions, and quite simply – time and care in the smallest of details.

Flying Cross reflects the unwavering devotion to duty expressed and experienced by many customers every day. For a little under two centuries, Flying Cross has been trusted to transform precision details of the uniform to the stories of courage and heroism, told and untold. Carrying on 175 years of this American heritage, Flying Cross continues to be INSPIRED BY TRADITION AND TRANSFORMED BY EXCELLENCE.

# THE LEADERS IN UNIFORM SYSTEMS

We've built our reputation on making the best uniforms money can buy with attention to detail, durability and the latest innovation. Flying Cross® has always been and will remain the most trusted name in public safety uniforms. Our products incorporate many important features that help our designs stand apart including:

- **Lycra®** Stretch: easily adds comfort for increased mobility and shape retention of the garment.
- **Perfect Match™**: exact fabric weight, weave and color of the shirt and pant that gives you a more consistent look and feel.
- **Moisture Control System (MCS™)**: fabric technology that effectively absorbs and moves moisture away from the body, drying quickly.
- **Supercrease®**: patented permanent crease system proven to withstand 150 wash and dry cycles to maintain a sharp, professional appearance.
- **Tru-Grip™**: silicone based perimeter application that naturally grips fabric to keep shirts tucked in more effectively.
- **Freedom Fit™**: two-way stretch waistband for added comfort around the waist.
- **Freedom Flex™**: concealed, adjustable waistband which adds up to 4" of stretch comfort around the waistline.
- **GORE-TEX®**: fabrics are designed to be durably waterproof, windproof and breathable, while maintaining its performance for the life of the product.
- **Thinsulate™**: thin, highly insulating fabric that works to keep you warmer by resisting moisture and trapping air.
- **VISA® System 3™**: moisture management system that actively transports moisture away from the body keeping you dryer and cooler. V3 dries 33% faster than nano-treated fabrics.
- **IntelliDRY™**: naturally breathable fabric treatment that provides superior stain and fluid resistance, while wicking moisture and keeping you dry under pressure.
- **3M™ Scotchlite™ Reflective**: reflective material helps make you more visible in low-light environments and all weather conditions.
- **ANSI Certified/Compliant**: high visibility clothing standard

37.5 Technology offers up to 5X more cooling than any other performance technology on the market today. Remain cooler and drier as the 37.5 technology regulates your body's micro climate by evaporating moisture, helping you sweat less.

# PERFORMANCE FABRICS

Flying Cross offers a selection of **high performance fabrics** to help you achieve the fit and feel you desire. Our fabrics are made to withstand day-to-day activities, while maintaining the crisp, professional look expected from uniform apparel. We know choosing the right fabric can be a task, so we've grouped our fabric product lines to make selecting the attributes that are most important to you much easier.

**ANTI-MICROBIAL**

**LA SELECT** The L.A. Select line is made of 100% premium worsted wool.

- Extreme comfort and durability
- Natural, breathable and no-scratch fiber
- Inherent temperature regulation keeps the body cool when hot and warm when cold
- Anti-microbial characteristics wick away moisture, resisting the buildup of odor

**PREMIUM LOOK AND FEEL**

**JUSTICE** Our Justice line is made of 75/25 Polyester/Wool.

- High polyester blend provides better shaping of the garment
- Superior color retention for professional appearance
- No-scratch wool fibers provide climate control attributes to keep you warm when you need it and cool when its hot
- Poly/wool blend offers long-lasting, durable garments that withstand multiple washes

**EXTREME STRENGTH**

**DELUXE TROPICAL** Deluxe Tropical uniform apparel is made of 65% Polyester and 35% Rayon.

- Strength and durability of polyester fibers
- Infused rayon fibers add luster for a clean, professional appearance
- Soft, pliable feel and shape of garment resembles a silkier hand

**NO RIP/TEAR**

**CROSS FX** Our newest Cross Fx line is made of 65/35 Poly/Cotton ComfortTouch™, mini RipStop with repel finish.

- Poly/Cotton blend is durable, breathable and comfortable
- Mini Ripstop resists tearing and ripping while in motion

**BREATHABLE**

**DURO-POPLIN** Duro-Poplin line is made of 65/35 Poly/Cotton.

- Highly breathable with natural stretch
- Lightweight

**REPELS DUST**

**COMMAND** Our Command line is made of 100% VISA® System 3™ Polyester.

- Durable fibers that stand up to daily wear and tear
- VISA® System 3™ provides moisture management, permanent stain release and faster drying rates
- Fibers repel dust and debris
- Superior color retention

**REGULATES TEMPERATURE**

**LEGEND** The Legend line is made of 55/45 Polyester/Wool.

- Perfect combination of premium fibers
- Durable blend of fibers for longer-lasting garment
- No-scratch wool fibers provide climate control attributes to keep you warm when you need it and cool when its hot
- Polyester fibers help maintain garment's ability to retain color for crisp appearance

**4-WAY STRETCH**

**DELUXE TACTICAL** Deluxe Tactical shirts and pants are made of 7028/2 Polyester/Rayon/LYCRA®.

- Retains all of the attributes of the Deluxe Tropical line including durability, and fabric luster
- Lycra® fibers add stretch to garment for enhanced comfort

**STRENGTH WEAVE**

**VALOR** The Valor line is made of 65/35 Poly/Cotton, Twill.

- Natural Poly/Cotton fibers breathable and comfortable
- Twill weave adds strength to garment
- Natural Stretch
- Easy care and maintenance

When heat and high-pressure combine, it can test your limits. To perform your duties, you need a garment that can integrate your uniform, or be comfortable and professional-looking enough to be worn as a stand alone shirt. The 37.5 Hybrid Patrol Shirt does just that and offers up to 5X more cooling than any other performance technology on the market today. Remain cooler and drier as the 37.5 technology regulates your body's micro climate by evaporating moisture, helping you sweat less.

### 37.5 HYBRID PATROL SHIRT

#### FEATURES:

- Uniform shirt design in the shoulder, arm, and collar features Poly/Cotton, Ripstop
- 37.5™ Performance fabric in torso delays onset of sweating by speeding the process of evaporation
- Athletic fit for wearing under other garments
- UVA and UVB protection from harmful UV rays enhancing fabric colorfastness
- Wear as a stand alone or under garments for performance wear

AVAILABLE IN

Navy Blue

Black

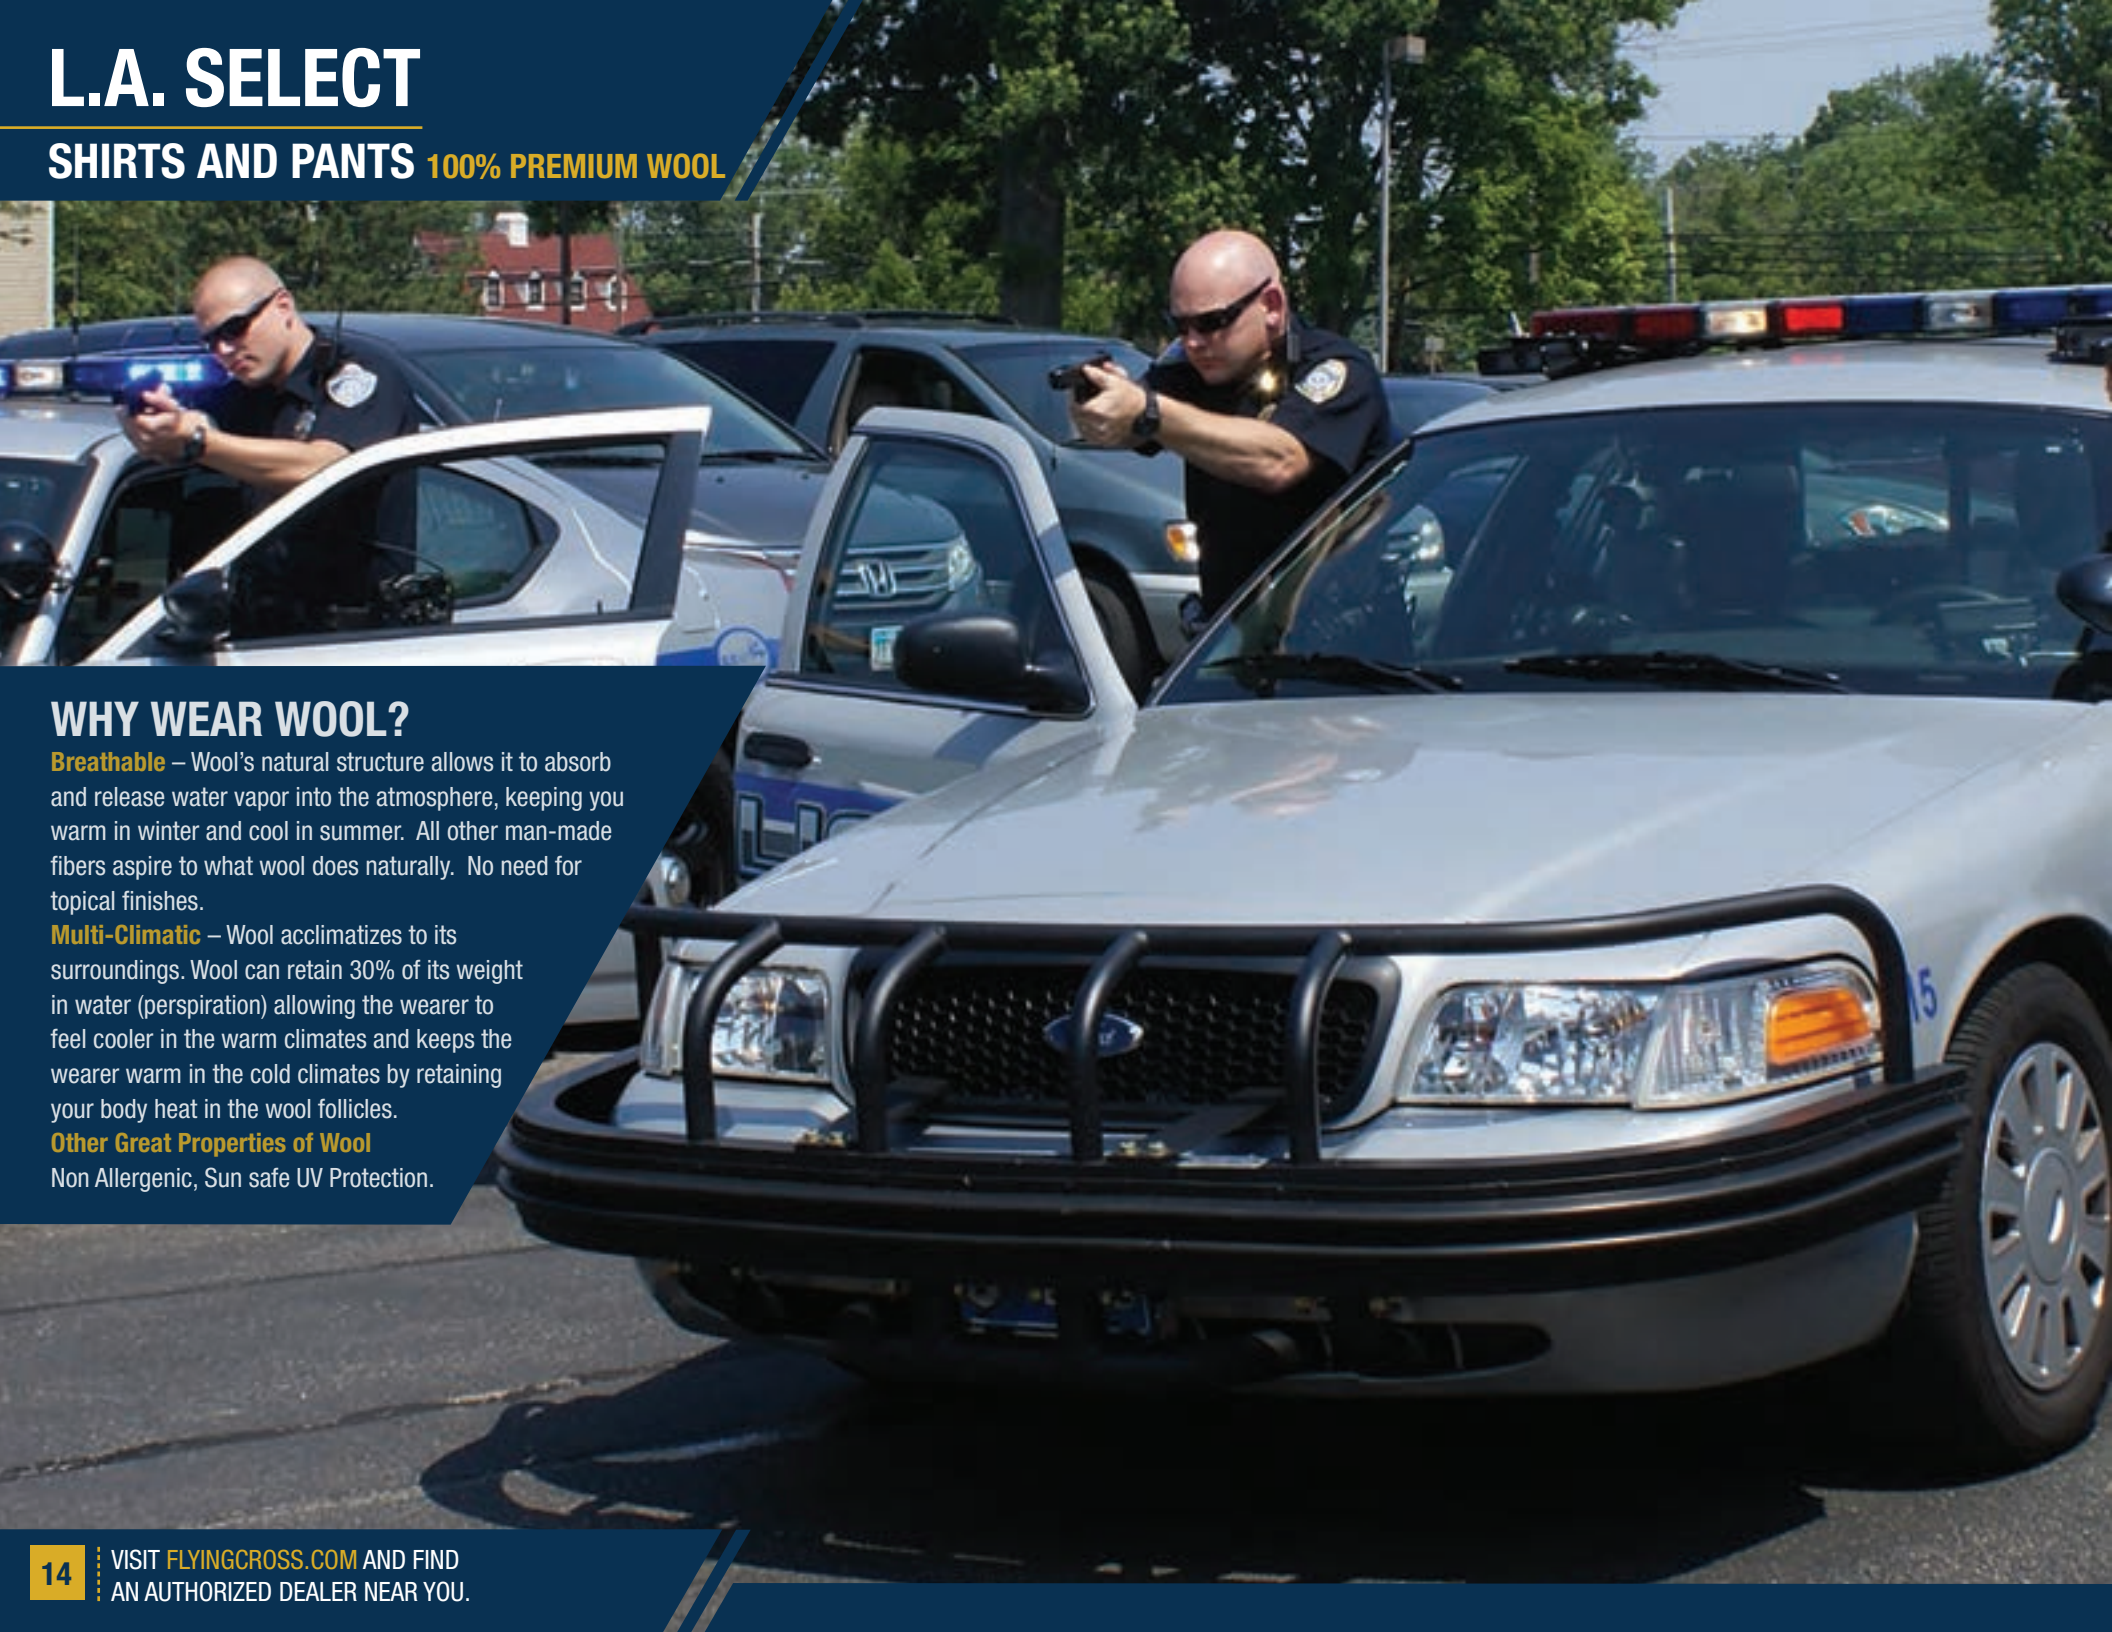

### 37.5 TECHNOLOGY BENEFITS

- 37.5 technology works to keep the microclimate next to your skin so your body efficiently maintains an ideal core temperature, enabling you to perform better, longer.
- 37.5 technology dries five times faster.
- 37.5 active particles are naturally derived and 37.5 fiber has been certified as Hypoallergenic.
- 37.5 active particles are embedded into yarn and will never wash out.

# L.A. SELECT

SHIRTS AND PANTS 100% PREMIUM WOOL

## WHY WEAR WOOL?

**Breathable** – Wool's natural structure allows it to absorb and release water vapor into the atmosphere, keeping you warm in winter and cool in summer. All other man-made fibers aspire to what wool does naturally. No need for topical finishes.

**Multi-Climatic** – Wool acclimatizes to its surroundings. Wool can retain 30% of its weight in water (perspiration) allowing the wearer to feel cooler in the warm climates and keeps the wearer warm in the cold climates by retaining your body heat in the wool follicles.

### **Other Great Properties of Wool**

Non Allergenic, Sun safe UV Protection.

# COMMAND

SHIRTS & PANTS 100% VISA® POLYESTER

Performance Polyester shirts and pants are by far the easiest to care for. Machine wash, dry, and wear. Not only does this amazing fabric retain its resilience, staying bright wash after wash, but “breathes” to give year ‘round comfort. VISA® System 3™ is permanent and won’t wash out. It’s designed to wick away moisture and accelerate soil release when washing.

## COMMAND SHIRTS

### FEATURES:

- Fabric Weight/Weave: 7-7½-oz., Plain Weave
- Camera- and communication-ready wire pass through under pocket flaps, epaulets and along side seams
- Shoulder straps cross stitched symmetrically for neater appearance
- Pleated pockets and scalloped flaps with Velcro® closures (includes hidden pen/pencil pocket on left breast pocket)
- Full badge sling
- Supercrease military-styled creases (2 in front and 3 in the back)
- High luster polyester twill finish on collar and yoke
- Optional concealed zipper front may be added

## POWERSTRETCH™ SHIRTS

Flying Cross carries a Polyester version of our PowerStretch shirt that has the same value-added features as our 75/25 Polyester/Wool. Features include :

- Side knit panels that have perforated fabric for increased air ventilation
- Gusset is built into the shoulder specially designed to add optimal mobility that ordinary shirts do not provide

### SHIRTS WITH REINFORCED ELBOW CONSTRUCTION:

- Long sleeve style in Silver Tan features a Multinoma elbow patch reinforcement
- Long sleeve styles in multiple colors feature Banjo elbow patch reinforcement

AVAILABLE IN

LAPD Navy	Brown
Medium Blue	Silver Tan
Black	White
French Blue	Grey

Multinoma  
Elbow Reinforcement

Banjo  
Elbow Reinforcement

## VISA® System 3™ ADVANTAGES

Moisture Transport: 7 times faster than nano-treated fabrics

Permanent Stain Release: 4.5 times better than nano-treated fabrics

Drying Rate: 33 times faster than nano-treated fabrics

### COMMAND PANTS

#### FEATURES:

- Select styles feature Freedom Fit waistband (see below)
- Crushproof hook and eye with fully functional French Fly
- Interlined belt loops
- Fly is top stitched to provide a pucker-free clean finish
- Inseams and outseams are neatly serged and pressed for a smooth finish with pucker-free seams
- Firm bar tacking at all stress points for longer life of the garment

A BROAD SELECTION OF BELT LOOP OPTIONS AND POCKET STYLES ARE AVAILABLE IN OUR COMMAND PERFORMANCE POLYESTER PROGRAM. SEE COMPLETE PRODUCT DETAILS ON PAGE 31.

#### VALUE-ADDED FEATURE:

Exclusive Freedom Fit™ waistband with 2-zone stretch for support and comfort plus Tru-Grip rubberized strips to effectively keep shirt tails tucked in.

### WindStopper™ How it works:

WindStopper™ is a soft nylon knit laminated to a thin layer of Teflon.® It is 100% windproof and breathable. Only 1/100" thick, it produces a microclimate of air next to the body, keeping the temperature and humidity constant and offering twice the effective insulation of an ordinary sweater. Comfortable both indoors and out.

# APPEARANCE GUIDE

## CLASS A DRESS COAT

### SHOULDER RANK INSIGNIA

Center on shoulder loops an equal distance from the outside shoulder seam to the outside edge of the button, with the base of insignia pointed toward the outside shoulder.

### SHOULDER DEPARTMENTAL EMBLEMS

Usually applied to both shoulders 1/2" to 1" down from the shoulder seam.

### NAME PLATE

Center 1/2" above right pocket.

### SLEEVE BRAID

Bottom row to be positioned 3" above bottom of sleeve. Additional rows to be spaced 1/4" apart. Number of rows usually used to denote different ranks. Braid may be all around sleeve or top side only.

### SLEEVE LENGTH

To be 1 1/2" below wrist bone.

### SHOULDER CORD

Usually used for special identification such as Honor Guard. Attach under left shoulder strap just inside sleeve seam.

### BADGE

Shall be worn on the outermost garment. Exact positioning may vary with badge style. Usually the badge is centered 1/2" to 1" above center of left pocket flap.

### HASH MARKS, STARS OR MALTESE CROSSES

Used to denote years of service. May be on either left or right sleeve. If used with sleeve braid, locate 1/2" above top row of braid. If no braid is used, locate 3" above bottom of sleeve to bottom of Cross, Hash Marks, or Stars.

Pictured is Navy Blue Polyester/Wool Dress Coat 34891.

## INDUSTRY LEADERSHIP FROM THE BRANDS YOU TRUST

For a little less than two centuries, Fechheimer Brothers Company has been leading the charge in high-quality uniform apparel, gear and accessories that our military, public safety and prepared professional customers have come to trust. Fechheimer continues to stand on the strong core competencies of manufacturing expertise, design innovation and forward-thinking developments that help our customers adapt-to and prepare for the future.

While Flying Cross® sets the standard of unsurpassed uniform apparel design for the military and public safety markets, Fechheimer also offers this same design innovation in Vertx® and Justin Performance Flame Resistant Apparel. Vertx began with the collaborative design and development of a low-profile pair of pants for a top federal agency. Since then, Vertx has expanded to offer a full line of low-profile apparel, bags and packs, concealed carry accessories and gear. Utilizing the brand power of Justin Brands, Justin is another collaborative partnership that features a full line of flame resistant shirts, pants and outerwear for work or play.
