

Dear valued customer,

It has been a busy year at Henschel Hat Company with many new projects. We are proud to say that we have continued our two popular licenses: Robert Graham and "Who Ced" by Cedric "The Entertainer." These two collections are diverse and show our team's passion and dedication to the industry.

Henschel is excited to debut new outdoor, leather, felt and fashion styles. Both our Spring and Fall collections include a variety of patterns and colors that reflect current fashion trends.

As always, Henschel Hat Company is fully committed to offering a wide variety of styles which are constructed of the finest materials and meet the highest quality standards. We are also very proud that we continue to produce many of our styles in the "rolling hills" of Missouri. We outsource some of our lines through reputable overseas distributors to help maintain affordability and the highest quality products to ensure our customer's satisfaction.

Henschel wants to thank you for your business for over 70 years, and looks forward to continuing the tradition of "Made in America".

Tarek Deiab, President
