**TSP** - As the leading **Total Solutions Provider** in the Public Safety market, Jotto Desk continues to redefine the right solutions for helping public safety workforces perform their jobs safely and effectively. Since 1994, Jotto Desk has risen to become the first, **“Everything But Lights”** equipment manufacturer for public safety and homeland security.

Jotto Desk’s premier partner network enjoys the best single source of high quality products from vehicle partitions, prisoner seating, window armor/door panels, gun racks, duty gear and trunk organizers to push bumpers, skid plates and trunk trays to Mil-Spec tested intelligent docking stations, laptop mounts, equipment consoles and SUV/truck bed cargo slides. We’re committed to the **“Total”** picture and focus on designing products that interact and work well with each other. The result is peace of mind for the officer.

Jotto Desk continues to redefine the mobile workspace and expand its’ portfolio of high quality solutions and ability to deliver maximum value to you. Our reputation as a company of innovative designs, ideas and solutions allow us to emphasize the **S** in **TSP**. It isn’t just one product... it is a **“Solution”** as a result of a need or a problem brought to us by our strategic partners and agency customers. If you have a need or seek an answer – we have the **Solution**, not just a product.

# WHY JOTTO DESK

# VEHICLE PARTITIONS

HIGH SECURITY/HIGH VISIBILITY WINDOW

**PATENT PENDING**

FULL WINDOW W/ SAFETY WIRE

## SPACE CREATOR VEHICLE PARTITION

Jotto Desk was the first to design the Patent Pending Space Creator Partition, which features the Bidirectional Recessed Housing (BDRH). This innovative partition solution transforms previously unusable space to create additional leg room behind the front passenger seat. This design creates unparalleled leg room for even large prisoners while maintaining excellent use of officer seat for complete comfort. There is also plenty of room for a console, gun rack and printer.

## HIGH SECURITY/HIGH VISIBILITY WINDOW

*A High Security/High Visibility (HS/HV) Window gives officers the best of both worlds - tremendous sight lines, whether looking out the rearview or turning around. The 4"H x 11"W window allows for communication or passing of information but there won't be anyone that will squeeze through this opening. If a prisoner spits/bleeds/smears the window - it is still easily cleanable...not so with "expanded metal".*

*The HS/HV window increases the visible area by a whopping 41% vs. older style windows. When someone sits in the drivers seat and looks through the rearview mirror for the first time, the natural reaction is to turn and look to see if a partition is installed...because the view is so clear.*

## STRENGTH BY DESIGN

*The Patent Pending Space Creator Partition by Jotto Desk, first introduced over a year ago, creates room where none existed. The unique design maximizes the integrity and adds strength to the "hoop design" by continuing all the way to the floor, providing maximum protection.*

*High winds blew a large pine tree onto this vehicle near Eufaula, Alabama. The Space Creator Partition design, in which the hoop goes all the way to the floor, was installed in the car and proved its strength by preventing the car from being totaled. The roof was quickly fixed and the car was soon back in service.*

SPACE CREATOR PARTITION STRENGTH BY DESIGN IN ACTION.

THE NEW SPACE CREATOR MAX PARTITION FOR THE PI SEDAN CREATES INCREASED ROOM FOR PRISONERS THAT ARE SECURED ON THE PASSENGER SIDE AND THE DRIVER SIDE OF VEHICLE.

# WHY JOTTO DESK

# SINGLE CELL

The "next generation" in prisoner containment helps to create even more room for a prisoner, provides the ultimate in driver comfort and has been designed from the ground up for ease of installation and cleaning.

## AVAILABLE FOR:

**PI SEDAN**  
**PI UTILITY**  
**CHARGER**  
**CAPRICE**  
**TAHOE**

## SINGLE CELL FOR SEDANS INCLUDES:

- Ⓐ - Front Divider
- Ⓑ - Center Divider
- Ⓒ - Passenger Side Window Armor
- Ⓓ - Passenger Side ABS Door Panel
- Ⓔ - ABS Seat, Floor Pan & Seat Belt Extender

A SINGLE CELL, SHOWN HERE IN A PI SEDAN, PROVIDES A SECURE TRANSPORT AREA FOR EVEN LARGER PRISONERS.

## THE SINGLE CELL ADVANTAGE:

- Creates a cocoon-like cell that allows for the complete and safe enclosure of a prisoner.
- Eliminates the prisoners ability to lie down and kick out windows or damage doors.
- Maintain 100% travel & recline capabilities of the driver seat. In an crash, the seat will perform as designed by the manufacturer.

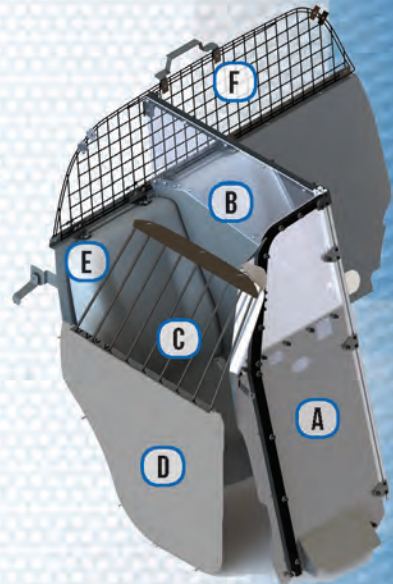

- Allows for storage behind driver seat. Keep rain gear, campaign hat, files, printer and other duty gear better stowed away.
- For The SUV's, the OEM rear seat remains in place. No testing is required as the OEM seat structure has already passed ALL required testing - no storage solution is required to house these heavy/bulky seats - AND the agency gains the benefit of an ABS seat (biohazard and contraband control).

A SINGLE CELL, SHOWN HERE IN A TAHOE, CREATES A SECURE TRANSPORT ENVIRONMENT IN ALL DIRECTIONS.

## SINGLE CELL FOR SUVs INCLUDES:

- (A) - Front Divider
- (B) - Center Divider
- (C) - Passenger Side Window Armor
- (D) - Passenger Side ABS Door Panel
- (E) - ABS Seat Cover & Seat Belt Extender
- (F) - SCA Compliant Rear Cargo Barrier (CB4)

**TSP**  
TOTAL SOLUTIONS PROVIDER!

A SINGLE CELL FOR SUV, SHOWN HERE IN A PI UTILITY, TAKES ADVANTAGE OF FRONT AND SIDE DIVIDERS AND A REAR CARGO BARRIER TO CREATE A TRUE CONTAINMENT CELL FOR A PRISONER.

# WHY JOTTO DESK

# COMPUTER MOUNTS

The JOTTO DESK® Computer Mount is a No Holes drilled, ergonomic, multi-adjustable swing arm desk used as a platform for law enforcement to secure and comfortably use a laptop computer. Desktop can be exchanged out in order to secure docking stations.

## COMPUTER MOUNT INCLUDES:

- Ⓐ - Cable-Dock® Desktop
- Ⓑ - Articulated Swing Arm
- Ⓒ - Ratchet Handle
- Ⓓ - Telescoping Rod & Stand Assembly
- Ⓔ - No Holes Mounting Base

- The patented Cable-Dock® securing system uses two nylon coated stainless steel cables that wrap up and over the keyboard section of the computer for a firm and positive grip.
- The “Original” articulated swing arm enables you to pull the desktop over for comfortable operation, reducing back strain. Overall design allows you to sit and work comfortably in driver or passenger seat and store against dash while driving.
- Additionally, the Jotto Desk Laptop Mount will allow usage in a Tactically Safe position. The officer will be able to stand outside the passenger door and utilize the laptop as needed.
- Heavy gauge steel with a black powder coat finish prevents rusting and is built for long-term durability.
- Installs in minutes with no drilling required. No Holes mounting base secures to existing OEM seat bolts/structure.

# WHY JOTTO DESK

# CONTOUR CONSOLES

With the development of the Contour Console line by Jotto Desk in 2001, traditional console design was revolutionized. Rather than simply a box shoved between the seats and crammed with equipment, Jotto Desk evaluated the vehicle and designed consoles based upon what the vehicle would allow combined with the agencies needs.

## THE CONTOUR CONSOLE DIFFERENCE

- *Contour Consoles take advantage of previously unused space or voids from the vehicle manufacturer.*
- *Our consoles were designed inside the vehicle CAD data provided by the manufacturer. The end result are consoles that look as if they were an OEM piece of equipment, creating an excellent fit and finished look.*
- *Our vertical consoles were designed to improve visibility and interaction by the driver and to allow for deeper equipment to be mounted. Many Contour Consoles have been reinforced for the securing of a computer mount.*
- *Innovative designs free up valuable real estate between seats for ever expanding equipment...from arm rests to printers and barcode scanners. More importantly, our consoles free up hip room for officers.*
- *Contour Consoles were also designed with the installer in mind. Many include locations for a console side mount, arm rest, cup holders and even mic clips. Many feature knockouts for 12v outlets, speakers and even fuse panels.*

THIS CONTOUR CONSOLE FOR 11+ DODGE CHARGER INCLUDES CLIMATE CONTROL RELOCATION AND A REMOVABLE P/S WING FOR EASY ACCESS TO EQUIPMENT MOUNTED IN CONSOLE.

deeper equipment to be mounted. Many Contour Consoles have been reinforced for the securing of a computer mount.

# WHY JOTTO DESK | GUN RACKS

When you need your weapon secured, yet quickly retrieved...trust Jotto Desk every time. Whether single or dual weapon, partition, rear seat or even trunk/rear hatch mounted, there is a Jotto Desk Gun Rack to meet the needs of your vehicle and the weapons you carry.

**AVAILABLE FOR:**  
**SINGLE WEAPON**  
**DUAL WEAPON**  
**PARTITION MOUNT**  
**REAR SEAT MOUNT**  
**REAR HATCH MOUNT**  
**TRUNK MOUNT**

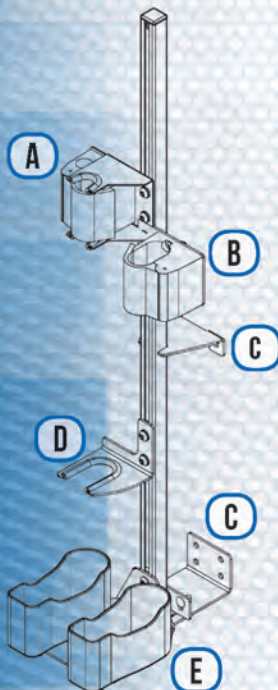

## BLM - BARREL LOCK MOUNT

THE AR BLM GUN LOCK SECURES WEAPONS AT THE LEAST ACCESSORIZED PORTION OF THE WEAPON...THE BARREL.

Jotto Desk's Barrel Lock Mount (BLM) has set the standard for securing an AR-15. This method allows you to secure virtually any AR-15, regardless of accessories. The minimal footprint of our gun rack design assists in the mounting process and the interaction with officers...critical with today's smaller vehicle interiors. The 870 Shotgun is secured beneath the pump portion, preventing the chambering of a shell/round.

THE AR CHARGING BRACKET KEEPS A ROUND FROM BEING CHARGED WHILE SECURED IN GUN RACK.

## DUAL GUN RACK INCLUDES:

- (A) - AR BLM Gun Lock
- (B) - 870 Gun Lock
- (C) - Partition Mounting Brackets
- (D) - AR Charging Bracket
- (E) - ABS Butt Plates

**TSP**  
 TOTAL SOLUTIONS PROVIDER!

870 GUN LOCK LOCATION SECURES SAFELY.

# WHY JOTTO DESK

# GREEN PLUS CERTIFIED

Assembled Products Corporation is a Green Plus Certified organization.

Green Plus is a sustainable organization that pushes Jotto Desk and the other divisions of Assembled Products Corporation to meet environmental goals in three areas: People, Performance, and Planet. They measured our efforts and results, and once we attained a certain level, they certified us as an environmentally friendly company.

**GREEN PLUS**  
PEOPLE. PLANET. PERFORMANCE.  
Institute for Sustainable Development

## OUR GREEN INITIATIVES

- *Within two years of launching the program, Assembled Products decreased electricity, water and natural gas consumption by more than 30%, 25% and 14% respectively.*
- *Jotto Desk has converted elements of our packaging into recyclable materials and partnered with vendors to do the same. We reduced our usage of virgin microfilm by 378% to greatly increased the recyclables coming in and going out.*
- *Jotto Desk offers products that are recyclable at the end of their lifespan...from our consoles, partitions, ABS seats, ABS door panels, push bumpers and trunk trays. As well, our ABS seats and floor pans are made from recycled material.*
- *APC's dedication to sustainability is evident in the work and commitment of our Environmental Sustainability Committee and by the ongoing changes and evaluation for areas of improvement.*
- *APC knows that sustainability is important to the people who buy our products and prides itself on our sustainability efforts and employee engagement programs. APC is the second Arkansas business and the 60th company in the United States to earn full Green Plus Certified Status.*

# DOCKING STATION CF31 AND B300

***This intelligent docking station is perfect for mixed fleets since it is compatible with CF-31/30/29/28 and also the Getac B300.***

Jotto Desk has done it again with the Kodiak Mobile Docking Station. We have taken it to the next level by making some key internal changes to our CF31 docking station – which have allowed Jotto Desk to release it as a fully compatible docking station for the Panasonic CF31 AND the Getac B300.

The CF31 docking station was first introduced in January 2011 – and is the only docking station on the market that is fully compatible with the CF31, CF30, CF29 and CF28...and now you can add the Getac B300 to the list. Additionally, this docking station includes the 120 watt Power Supply and Power Management Circuitry as Standard Features...at no additional cost.

## **STANDARD FEATURES (INCLUDED AT NO EXTRA COST)**

- (5) USB 2.0 PORTS
- 120 WATT POWER SUPPLY
- (1) ETHERNET PORT
- SURGE SUPPRESSION
- REVERSE VOLTAGE PROTECTION
- LOW VOLT MONITORING
- AUTO ACTIVATION & SHUTDOWN
- TRANSIENT VOLTAGE PROTECTION
- USER CONTROLLED TIMED SHUTDOWN
- SLAM LOCK - THEFT PREVENTION

**NO POWER  
SUPPLY NEEDED**

**NO CHARGE  
GUARD NEEDED**

**MIL-STD-810F**  
 VIBRATION TESTING: MIL-STD 810F  
 514.5 COMPOSITE WHEELED VEHICLE

# DOCKING STATIONS CF53

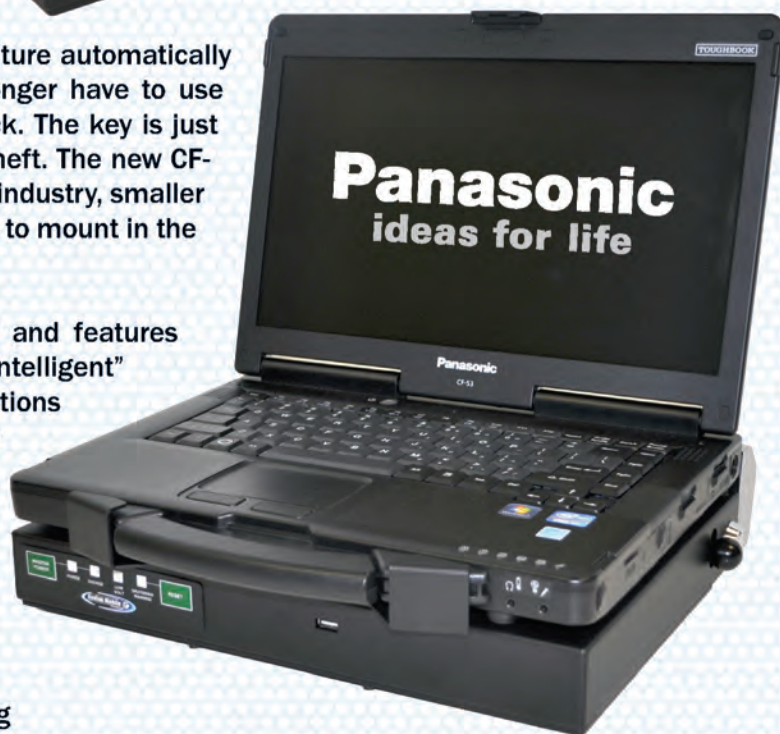

The CF53 docking station is based on the similar design as our ever popular CF31 docking station. This design has been serving the law enforcement industry since 1996 and has been proven a tough, rugged design. The new CF53 iDock includes a new robust docking interface that is designed for the locking mechanism that gives the user the option to leave the docking station unlocked for rapid undocking.

The new KDCF-53 iDock's "auto dock" feature automatically latches the docking station so you no longer have to use the key to lock the computer into the dock. The key is just a preventive step to keep it locked from theft. The new CF-53 iDock has the smallest footprint in the industry, smaller than the laptop itself – making it very easy to mount in the vehicle.

This unit is constructed of welded steel and features our internal port replicator and internal "intelligent" power management circuitry. All functions can be controlled and monitored at the tactile membrane control panel located at the front of the docking station. Surge suppression, avalanche voltage protection, reverse voltage protection, emi filtering, transient voltage protection, low voltage monitoring, auto activation and shutdown, user controlled timed shutdown are standard. This docking station is built to MIL-STD 810F standards.

#### **STANDARD FEATURES INCLUDED (AT NO EXTRA COST)**

- (6) USB 2.0 PORTS (5 REAR, 1 FRONT)
- 120 WATT POWER SUPPLY
- (1) ETHERNET PORT
- LOW VOLT MONITORING
- AUTO SHUTDOWN TIMER
- SURGE SUPPRESSION
- AVALANCHE VOLTAGE PROTECTION
- 4 LED INDICATORS (FOR FIELD TROUBLESHOOTING)
