#### 77 WARRANTY

In 1976, while adventuring across Europe in a clunky \$300 Fiat, Tim Leatherman needed tools his scout knife didn't offer.

He returned to the States with an idea for a multipurpose tool that would prepare him for any challenges life might present. Fast forward eight years later, and the Leatherman tool was born. Today, from our manufacturing facility in Portland, Oregon, we're continuing Tim's legacy of preparing folks for the expected and unexpected.

We're proud of our mission, and it shows in every multipurpose product we make.

# INTRODUCING LEATHERMAN FREE

After 35 years of evolving, adapting, and pushing the limits, we challenged ourselves to unknow what a multipurpose tool can be. Completely redesigned, Leatherman Free is built to turn any obstacle into an opportunity to save the day.

### EVOLVED ERGONOMICS

Leatherman Free's completely reinvented platform is designed to feel even more at home in the palm of your hand. Haptic feedback gives confidence that features are locked into place. Tools pop open with a simple push of your thumb—say goodbye to broken fingernails.

### MAGNETIC ARCHITECTURE

Leatherman Free's revolutionary magnetic locking system reduces friction when opening and closing tools for a lifetime of use. This also allows smooth, quick access to tools, letting you work with speed and confidence for years.

## FREE ACCESS

Leatherman Free places every implement on the outside of the tool, letting you access everything with a single hand. Locking and unlocking is safe and secure thanks to the newly designed cam locks. Leatherman Free lets you keep your eye on the task, not the tool.

# FREE™ P2

## MULTIPURPOSE PLIERS

Leatherman Free P2 was built from the ground up. Every aspect of this multipurpose plier was designed with comfort, durability and ease-of-use in mind. All tools open smoothly with one hand and lock into place with a confident snap.
