LXMB60V ALS Vinyl Back Pack

Introducing the new Premium ALS Back Pack from Lightning X Products! The LXMB60V is made with heavy-duty nylon "sandwiched" between two layers of waterproof vinyl and has extra large waterproof zipper closures. This feature not only makes the bag extremely weatherproof, but also allows for easy decontamination of blood and other fluids. We've also doubled the shoulder padding and added chest and weight straps to disperse the weight evenly. This makes the back pack ideal for busy ambulance agencies or special events medics. Each bag includes 4 color coded removable Velcro compartments inside the bag as well as a space and straps for a "D" sized oxygen cylinder. In lieu of the cylinder space you can purchase two additional short compartments or one long compartment to fit in its place. The exterior pockets feature two more removable vinyl pouches with reflective trim and i.d. slots for quick-grab items.

- 6 clear vinyl compartments on inside of flap
- Removable pad with elastic loops for airway devices
- Large exterior pocket with waterproof zippers
- Metal grommets on outside pockets for decontamination drainage
- Bag can be sprayed off with a hose to clean
- Bottom is padded and reinforced to resist abrasion
- Reflective Star Of Life patch sewn on front of bag
- Excellent weight distribution
- Extra-thick webbing will withstand many years of abuse
- Padded flap covers oxygen regulator to prevent damage
- Best price-to-quality ratio in the industry
- Dimensions: 22H"x16W"x 9W"

Stocked Bags

Tired of not having the supplies that you need when you get on the scene of a medical call? First responders are the first point of contact and one of the most important parts of an emergency medical call. You need to have the right supplies to be successful at your job! For this reason, we have put together a line of medical bags pre-stocked with the much needed equipment for medical emergencies. All of our bags were designed from customer suggestions over the past 6 years. We are sure to have a bag that fits your job perfectly. Every kit is assembled "in-house" by our friendly staff of Firemen and EMT's. If you don't find the kit that you want, just email us with your suggestions and we'll try to put together the right kit to fit your needs.
