POLY-TECH AMERICA®

HEAVY FIRE RESCUE

HEAVY 1 RESCUE

ABOUT US

Poly-Tech America. Rescue Tool & Equipment Mounting Solutions for FIRE, RESCUE, and MILITARY Apparatus Vehicles.

The task of compartment organization can be complicated. Poly-Tech America's line of products has been designed to make the task easy. We Design, Manufacture, and Market equipment-specific products for first responders to respond more efficiently. We care about the future of this industry, and we continue to evolve with the times.

Poly-Tech America's duty is to produce innovative tool-specific mounting solutions and organizing products to utilize every square inch of the compartment space. All of Poly-Tech America's components are manufactured from rugged, durable, chemical-resistant, Poly material. This material is non-toxic, has a high degree of stability, and resists degradation. Unlike metal that can rust and damage your expensive equipment, Poly is a tough yet softer material that provides a barrier against liquids, chemicals, and weather for the best protection to prolong the life of your tools and equipment.

We are a small, nimble, forward-thinking company, and it is important to us to get the ultimate satisfaction from our customers. To ensure this, all of our products have a lifetime guarantee.

Our products will add value to your fleet and facilitate a rapid response.

OUR VALUES

INTEGRITY: We are honest, open, ethical, and fair. We care about you, your fleet, your volunteers, and your employees.

PERFORMANCE: Quality is the foundation for all we do and exceptional production is a core value of our company.

PASSION: Passion lies within the heart of our company. We are continuously moving forward, innovating, and improving.

SAFETY: Safety is our goal to aid in reducing the number of preventable firefighter line-of-duty injuries.

TILT N' DEPLOY™ EXTRICATION TOOL MOUNTS

Our latest Tilt N' Deploy™ extrication tool mounts have been designed with firefighters in mind. No more lifting these heavy tools out vertically! Each mount is specifically designed for brand and model tool. Just depress the button fully and release, grab your tool and Tilt N' Deploy! This allows for the most efficient and fastest deployment of your tool. Not only do these mounts avoid possible injuries to the user, but they also avoid damage to your tool.

Features:

- Auto-Lock when returning to vertical position.
- Heavy duty design.
- Quick and easy deployment of tool,
- Made for each specific tool – NOT a universal mount.

Available in the following:

- Cutters
- Spreaders
- Combi's
- Rams

"The best mount I've seen in 40 years!"

– Poly-Tech Dealer

Receiver engineered for each specific tool.

Ultra-strong military grade poly material.

Small Footprint only 6" x 10"

*Press and Release to ready for deployment. Auto-Locks upon returning tool to vertical position.*

Snap-Lock™ Paratech® Strut

PARATECH® SNAP-LOCK STRUT MOUNTS™

Poly-Tech America® introduces our innovative mounting solution for your Paratech® brand struts. Our patent-pending Snap-Lock Strut Mounting System™ is designed to help you organize, install, and protect your Paratech® struts and accessories like a pro. The space-saving design takes up the least amount of your apparatus's expensive compartment area, freeing up more space for the increasingly required specialty equipment needed on today's rescue vehicles. On scene, your struts will be able to be deployed safely and quickly.

In addition, the Snap-Lock design™ allows for ultimate flexibility when mounting and accessing your Paratech® Struts. Paratech® Struts can be mounted vertically or horizontally* to fit any space within your apparatus, allowing for easy access and quick deployment.

* For Horizontal Installations, you MUST include 1 Horizontal Strut Stop (PTS-149) & 1 Horizontal Strut Carrier (PTS-154) PER STRUT

Features:

- Available for Grey 3" Struts
- Available for Gold 3.5" Struts
- Snap lock design
- Organization made easy
- Light weight
- Heavy Duty
- Mix & Match to best fit your needs
- Works on slide out trays

HORIZONTAL

VERTICAL

PARATECH® SNAP-LOCK STRUT MOUNTS™

6x6 Base Plate Mount

Easily mount your 6x6 base plates on any compartment wall or tool board for quick deployment. This maximizes space within your apparatus.

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-150	6x6 Base Plate Mount	1.62″ x 3.25″ x 1″	0.1

12x12 Base Plate Mount

Easily mount your 12x12 base plates on any compartment wall or tool board for quick deployment. This maximizes space within your apparatus.

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-151	12x12 Base Plate Mount	1.62″ x 4″ x 1″	0.1

Base End Quick Mount

Easily mount your base ends on any wall or tool board for quick deployment. This maximizes space within your apparatus.

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-152	Base End Quick Mount	2.47″ x 2.47″ x 1.75″	0.1

FOR HORIZONTAL INSTALLATIONS

Horizontal Strut Stop

Need to mount your struts horizontally? Then these are the parts you need! This poly-angle bracket is used when mounting struts horizontally. It keeps the strut in place and prevents it from sliding out.

* Requires One Per Strut

| Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-149	Horizontal Strut Stop	2.81″ x 1″ x 2.5″	0.1

Horizontal Strut Carrier

When mounting struts horizontally, use this Strut Carrier to hold the weight of the strut off of the flexible clips side only.

* Requires One Per Strut

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-154	Horizontal Strut Carrier	3.5″ x 3.2″ x 1.0″	0.1

Strut mounting components for horizontal applications

PARATECH® SNAP-LOCK STRUT MOUNTS™

Hand Pump Mount

Easily mount your hand pump on any compartment wall or tool board for quick deployment. This maximizes space within your apparatus.

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-153	Paratech Hand Pump Mount	10"x 8"x 1.5"	3.4

Single and Double Hydrafusion

These Single and Double Snap-Lock Strut Mounts are designed with the ultimate flexibility when mounting your Hydrafusion Paratech Struts.

Paratech Struts can be mounted vertically or horizontally to fit any space within your apparatus, allowing for easy access and quick deployment.

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-177	Single Hydrafusion Complete	7.25"x 4.5"x 1.1"	1.1
PTS-178	Double Hydrafusion Complete	12.5"x 4.5"x 2.0"	2.1

PARATECH® SNAP-LOCK STRUT MOUNTS™

Snap Lock Picket Clips

Keep your pickets protected and secured inside your compartment with our Snap-Lock picket clip mount. Customize your setup with ¾" clip or a 1" clip and add a cradle base if mounting on a wall or slide out.

Product Number	Description	Size (L x W x H)	Weight (lbs)
MIS-116	Picket Clips with Pocket	2.75" x 3.25" x 5"	0.1
MIS-117	3/4" Picket Clip	3.0" x 1" x 2.125"	0.1
MIS-118	1" Picket Clip	3" x 2.5" x 1"	0.1

Raker Rail Mount

Mount your Raker Rail vertically or horizontally with our Raker Rail Mount. Easily deploy your mount with one quick motion!

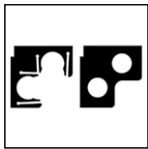

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-155	Paratech Raker Rail	3" x 1.5" x 4"	0.6

Corner Strut Mount

Mount your struts even in the tightest places with Poly-Tech's Corner Strut Mount.

Features:

- Available for 3" and 3.5" Struts

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-171	Corner Strut Mount 3" Complete Set	8" x 8" x 2"	2.1
PTS-172	Corner Strut Mount 3" Clip	8" x 8" x 1"	0.8
PTS-173	Corner Strut Mount 3" Receiver	8" x 8" x 1"	1.3
PTS-174	Corner Strut Mount 3.5" Complete Set	8" x 8" x 2"	2.1
PTS-175	Corner Strut Mount 3.5" Clip	8" x 8" x 1"	0.8
PTS-176	Corner Strut Mount 3.5" Receiver	8" x 8" x 1"	1.3

Strut Tube Storage Kit

Great for undermounting or any horizontal application. Create the ultimate easy access storage especially for your Paratech Longshore 610 and 812 struts. Uses standard 4" PVC Pipe (not included).

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-162	Single Slide in strut tubes/storage Kit (Includes 2 PTS-162-A & 1 PTS-162-B)	7.185" x 5.5" x 3"	1.25
PTS-163	Double Slide in Strut Tubes/Storage Kit (Includes 2 PTS-163-A & 1 PTS-163-B)	12" x 5.5" x 3"	2.5
PTS-164	Triple Slide in Strut Tubes/Storage Kit (Includes 2 PTS-164-A & 1 PTS-164-B)	16.875" x 5.5" x 3"	3.75
PTS-165	Quad Slide in Strut Tubes/Storage Kit (Includes 2 PTS-165-A & 1 PTS-165-B)	21.70" x 5.5" x 3"	5.0

Double Ratchet Strap Caddy

Neatly store your ratchet straps in one place with our Double ratchet strap caddy. Holds up to two ratchet straps. Features mounting holes for wall or floor mount.

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-168	Double Ratchet Strap Caddy	9.75"x 6.5"x 7.5"	4.4

Quad Ratchet Strap Caddy

Neatly store your ratchet straps in one place with our Quad ratchet strap caddy. Holds up to two ratchet straps. Features mounting holes for wall or floor mount.

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-170	Rachet Strap Caddy	19.5"x 7.25"x 6.5"	8.4

12X12 Base Plate Box

12X12 Base Plate Poly Box holds 2 base plates, 2 ratchet straps, and 2 J-Hooks.

- Slim Design
- Compact

Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-189	12x12 Base Plate Poly Box (holds 2 + Ratchet Straps) *Not Stacka-ble	22"x 8"x 13"	16.4

## 6x6" Base Plate Stackable Grab N Go Box (holds 10)

This incredible grab-n-go stackable Poly-box holds ten 6"x6" Paratech baseplates. You can stack each box on top of one another for a tight, interlocking fit. Ultimately free-ing up more space in your compartment.

| Product Number	Description	Size (L x W x H)	Weight (lbs)
PTS-190	6x6" Base Plate Stackable Grab N Go Box (holds 10)	21"x 10.25"x 9"	13.2

POLY HOOKS IN ACTION

POLY-TRAC

Tray Lining and compartment organization made easy!
Take your apparatus to the next level with Poly-Tech America's array of tray lining Poly-Trac™.
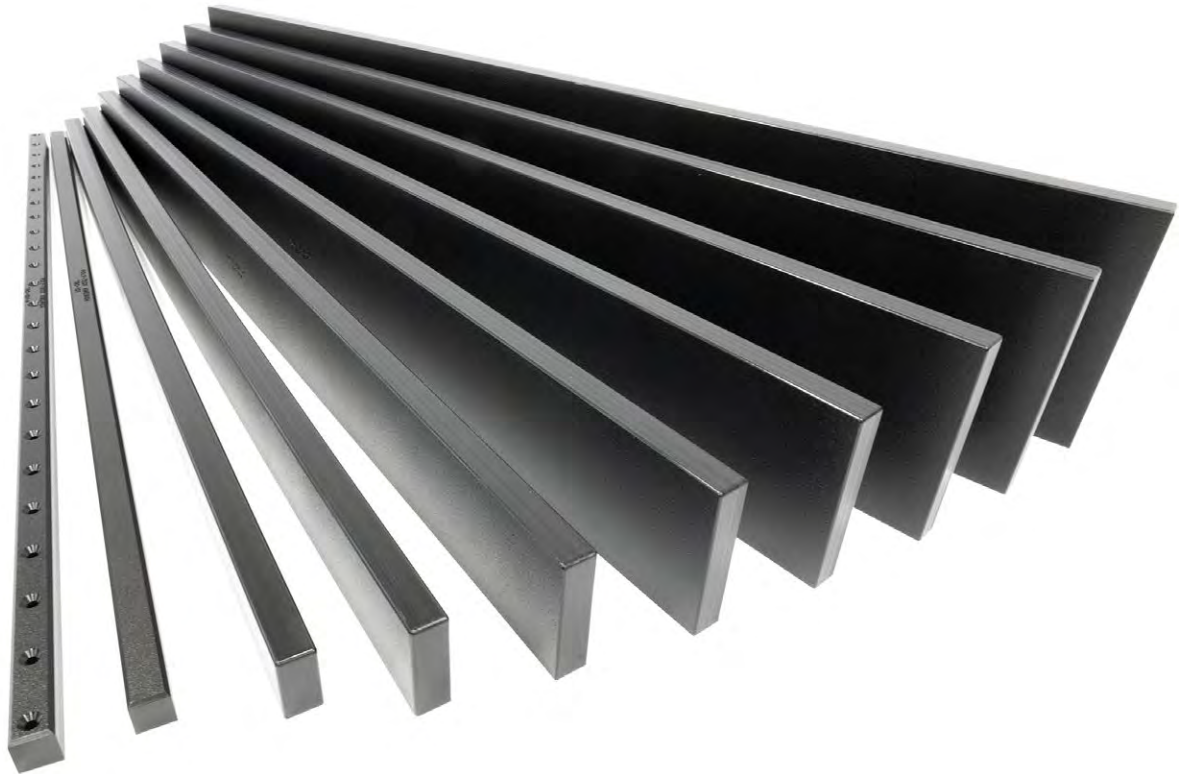

Our Poly-Trac™ series comes in 48″ strips that allow you to cut it to desired lengths. Available heights from 1″ all the way to 9″.

This Poly-Trac has an array of different heights to custom fit your job and allows for optimum security for any loose equipment. Just cut the strip to the desired lengths you need and bolt them down.

No pre-drilled holes, this allows you to drill and countersink them exactly where you need them.
