WHAT'S AT YOUR CORE?

It's what defines you. Why you get up in the morning. How you live your life. Your purpose. Your reason for being. **YOUR CORE.**

At Proper, we support you. From active duty to reserves to patrol to off duty to a weekend at the range, we're with you all the way. We've been doing this for over half a century. We get it. It's at our core, too. **WHAT'S AT YOUR CORE?**

MANDY BACHMAN

COMPETITIVE SHOOTER & BRAND AMBASSADOR

AT MY CORE: I love having the opportunity to share my love and knowledge of the shooting sports to others.

TIP: Always keep learning and trying new things. Don't let yourself get comfortable.

SEE PG 13 FOR MANDY'S FAVORITE ITEM

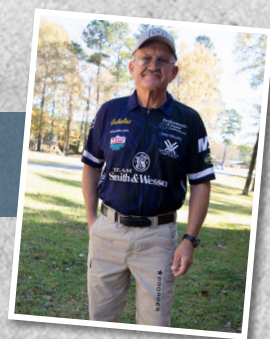

JERRY MICULEK

PRO SHOOTER & BRAND AMBASSADOR

AT MY CORE: Competition inspires me to always look for ways to improve. Keeping up with the younger generation of shooters is a constant battle that I will someday lose, but the effort keeps my mind sharp and my body active, and is the reason I get out of bed every morning.

TIP: Never fall in love with your own inventions. No matter how successful you are today, there is always something new on the horizon, always a better way.

SEE PG 17 FOR JERRY'S FAVORITE ITEM

JARED OGDEN

FORMER NAVY SEAL & BRAND AMBASSADOR

AT MY CORE: In life, I've learned that balance is paramount to maintaining focus; therefore, I strive to take care of the things at home first because those things are my anchors.

TIP: Repetition is critical because it leads to muscle memory, muscle memory to instinct, and instinct is the ability to make the right decision without thinking about it.

SEE PG 104 FOR JARED'S FAVORITE ITEM

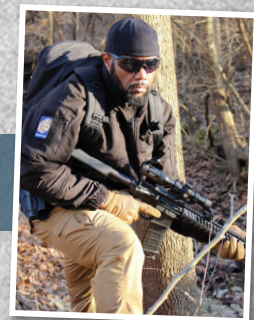

KEVIN "KD" DIXIE

OWNER, NO OTHER CHOICE FIREARMS TRAINING

AT MY CORE: Coaching is my favorite activity by far! No matter what someone aspires to do with their life, I enjoy playing a vital part in coaching and motivating them to reach their goals.

TIP: The more you train, the less you'll shoot.

SEE PG 68 FOR KEVIN'S FAVORITE ITEM

TOMMY MOTTL

POLICE OFFICER & TRAINER

AT MY CORE: I love to train new police officers because it gives me an opportunity to have a say in the type of cops that will be on the road backing me up next year and doing the job when I am retired.

TIP: Be sure to have fun at work. If you aren't having fun, you are just collecting a paycheck and waiting to die.

AWESOME FIT-FUNCTION-MATERIALS

"Well-made, very comfortable, many pockets to separate my EDC stuff. Very good looking and durable material. You can't go wrong."

- **Propper.com** review

A man and a woman are walking in a desert environment. The woman on the left is wearing a dark navy blue short-sleeved polo shirt, grey cargo pants, a black tactical belt, and sunglasses. The man on the right is wearing a similar dark navy blue short-sleeved polo shirt, grey cargo pants, a black tactical belt, a grey baseball cap, and a black tactical bag slung over his shoulder. They are both looking off to the side.

WHAT'S AT YOUR CORE?

TIM HERRON

FIREARMS INSTRUCTOR & COMPETITIVE SHOOTER

AT MY CORE: I'm passionate with shooting and teaching because it's a life's journey. To constantly work at mastering an art. It's the sweat and hard work put into it, and the resulting success of both myself and my students that motivates me most. The drive to constantly push limits, to break barriers and plateaus...it's incredible.

TIP: Train and practice with a purpose...always. You'll learn and retain more by staying focused on 2-3 drills or techniques per session than trying to overwhelm yourself by lightly touching on everything.

FAVORITE ITEM: Range Bag - The perfect size for both short range sessions as well as long weeks at major competitions.

THE 4PV PLATFORM

DUTY PROTECTION EVERY OFFICER WANTS

With four independent panels of ballistic protection, the 4PV (Four Panel Vest) system is the most comfortable armor system on the market. Each panel flexes independently, so whether sitting, standing, or running, the vest moves with the body. Neither men nor women have to sacrifice mobility, comfort, or protection when wearing armor. Additionally, with four panels, the 4PV is easier to size, with fewer alterations, a better fit, and easier transfer between users.

FOUR PANELS ARE BETTER THAN TWO

Eliminate the vulnerable side gaps and improve fit with the revolutionary 4PV line of body armor with NIJ-certified soft and hard panel protection. The 4PV provides top-level ballistic or spike protection in tactical and concealable configurations with side panels that move with you for maximum protection and comfort.

THE 4 PANEL ADVANTAGE

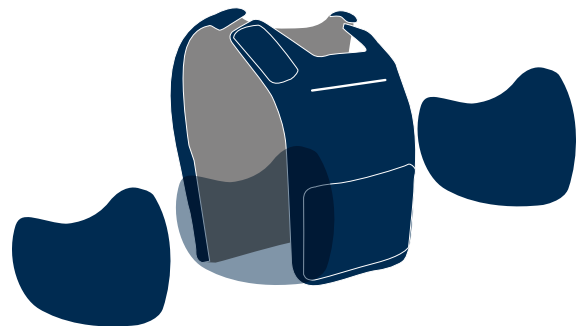

COMFORT

Four panels for better comfort and fit, eliminating ride up and bunching.

MOBILITY

Panels move independently as you sit, stand, or run.

PROTECTION

Four panels instead of two for superior side protection.

"I've worn a lot of body armor in my day and my preference is the 4PV because it offers the protection I require with the comfort I like - no other armor I've worn comes close."
