

MULTI-LOOP STRAPS

Made of 1-inch (25-mm) mil-spec tubular web, these straps allow you to tie into your anchor with just the right length of web. They're also handy for clipping several carabiners into one anchor point. Pocket stitching breaks at 5 kN (1,100 lbf). Available in 3 sizes.

About CMC Web Gear

CMC sewn web products reflect many years of manufacturing experience and designs based on field use, rescues and testing. Lightweight yet durable, our tubular web delivers a high strength-to-weight ratio. Each product is sewn in our own California manufacturing facility with contrasting color thread for ease of inspection. We build CMC Web Gear as if we were going to use it ourselves – and we do.

Option	Small
Item	201012
PRODUCT WEIGHT	2.4 OZ (68 G)
LENGTH	24 IN (61 CM)
LOOPS	4
COLOR	RED
OVERALL STRENGTH	16.9 KN (3,800 LBF)

Option	Medium
Item	201013
PRODUCT WEIGHT	3 OZ (85 G)
LENGTH	36 IN (91 CM)
LOOPS	8
COLOR	YELLOW
OVERALL STRENGTH	16.9 KN (3,800 LBF)

Option	Large
Item	201014
PRODUCT WEIGHT	6 OZ (170 G)
LENGTH	66 IN (168 CM)
LOOPS	18
COLOR	ORANGE
OVERALL STRENGTH	16.9 KN (3,800 LBF)
