

PRODUCT FACT SHEET

SL-B26™

LI-ION USB RECHARGEABLE BATTERY PACK WITH INTEGRATED CHARGE PORT

MARKET

APPLICATIONS: Sporting Goods, Law Enforcement, Industrial, Fire, Automotive, Security, Consumer

DESCRIPTION: The Streamlight® SL-B26™ protected Li-Ion USB rechargeable battery pack with integrated micro-USB charge port is an economical alternative to disposable CR123 cells for the latest Streamlight flashlights that are designed to accept both. The integrated USB charge port with LED status lights can recharge the battery in 5 hours. Input power source can be any Streamlight USB power adapter or a PC USB port.

DIMENSIONS: Length: 2.75 in (7.0 cm) Diameter: 0.744 in (1.89 cm) maximum

WEIGHT: 1.7 oz (48 grams)

BATTERY: Protected Lithium Ion rechargeable battery, 3.7V, 2600mAh, with on-board safety control circuit, rechargeable up to 500 times.

CHARGE INPUT: Built-in Micro-USB input charges from Streamlight AC/USB adapters and most other USB sources. Battery pack can also be charged using the Streamlight® 2 unit Li-Ion USB Battery Charger or the Streamlight® 8 unit Li-Ion Battery Bank Charger.

CHARGE TIME: 5 hours using the Micro-USB input.
Charge time may be increased when connected to a PC (some PC's may have limited output).

FEATURES: Battery charge status indicators built into the top of the battery; Red for charging, Green for charged.
Integrated safety circuit protects batteries from overdischarge and overcharge.
Additional safety features include a pressure vent and built in PTC surge protector.

WARRANTY: Streamlight's Limited 2 Year Warranty.

APPROVALS:  Meets applicable European Community directives.

 CEC compliant.

OPTIONAL

ACCESSORIES: Streamlight® AC/USB wall adapters, Streamlight® USB cord, Streamlight® 2 unit Li-Ion USB Battery Charger, Streamlight® 8 unit Li-Ion Battery Bank Charger.
