

The HID LiteBox has the intensity and peripheral illumination to light an entire scene. Ideal for field maintenance, inspection of construction sites and remote equipment, it's a heavy-duty, rechargeable, portable high-intensity search that does it all. The last thing you want to worry about is running out of light so plug the HID LiteBox into your vehicle's DC power source and it will run indefinitely.

90° swivel neck allows you to aim the beam where you need it for optimum task lighting
1,000,000 candela peak beam intensity; 3,350 lumens; runs 1.75 hours; runs indefinitely using 12V DC power cord
14.9 in. (38 cm); 10.1 lbs (4.6 kg)
10 ft (3 meters) 12V DC power cord plugs into port at rear of light to provide duration lighting - included with all HID LiteBox models
HID LiteBox battery will continue to charge while operating directly from an external 12V DC power source when using the remote cord

Rack meets requirements of NFPA 1901-14.1.11.2 (2016) mounted in any position
