

This tough, durable lighting tool is now available in pink and boasts the same great features as the original model. Because girls need tough flashlights, too. For every pink Strion® LED sold, Streamlight will donate \$5 to the Breast Cancer Research Foundation®.

The Breast Cancer Research Foundation® is an independent 501(c)(3) not-for-profit organization whose mission is to achieve prevention and a cure for breast cancer in our lifetime by providing critical funding for innovative clinical and genetic research at leading medical centers worldwide, and increasing public awareness about good breast health. Since inception in 1993, The Foundation has raised more than \$250million in support of their mission. A minimum of 85% of all funds raised goes to breast cancer research grants and awareness programs.
